AFFIDAVIT IN SUPPORT OF ARREST WARRANT

I, Andrew D. Forristel, being first duly sworn, hereby depose and state as follows:

1. I have been a Special Agent with the Federal Bureau of Investigation (the "FBI") since 2003. I am currently assigned to the Sacramento Division, Chico Resident Agency. Some of my investigative responsibilities include investigation and prosecution of violent crimes, child abductions, kidnappings, murders, bank robberies, drug trafficking and manufacturing, firearms violations, and fugitive matters. I also investigate the sexual exploitation of children through extortion, prostitution, and the production of child pornography.
2. I have received specific training on how to investigate child exploitation matters, and I have specific experience investigating kidnapping incidents involving both adults and juveniles. I have also participated or assisted in several attempted child abduction investigations, as well as numerous child pornography cases.
3. I am currently conducting a criminal investigation regarding the violations of Title 18 U.S.C. § 875(b), Extortion, and Title 18 U.S.C. § 875(c), Interstate Transmission of a Threat to Injure.
4. The statements in this affidavit are based, in part, on information provided to me by other law enforcement officers, police reports, other FBI agents, and of my own investigation of this matter. 5. This investigation concerns alleged violations of:
 - a. Title 18 U.S.C. § 875(b), which prohibits, with the intent to extort from any person any money, the transmission in interstate commerce of any communication containing any threat to kidnap any person or any threat to injure the person of another,
 - b. 18 U.S.C. § 875(c), which prohibits the transmission in interstate commerce of any communication which contains any threat to injure a person.

**BACKGROUND ON THE USE OF THE INTERNET AND CELLULAR PHONES TO
FURTHER CRIMINAL ACTS ASSOCIATED WITH THIS MATTER**

6. Through my training and experience, I am aware of how the Internet, computer, and cell phones are used to further various criminal activities:
 - a. Pimps and prostitutes sometimes use social networking sites such as Facebook.com, Instagram, Kik, MocoSpace and other sites to recruit females into prostitution and/or for prostitutes to communicate with customers. These sites are accessible through computers as well as smart phones and tablets.
 - b. Pimps, as well as prostitutes who are not "managed" have embraced the internet as a means of advertising services and communicating with customers.
 - c. Certain web sites have been created to facilitate communications between prostitutes and their clients. The more notable web site relevant to prostitution in the Eastern District of California is the "Adult Services, Escort" section of "Backpage.com." These web sites allow pictures to be posted as part of advertisements. I have viewed prostitution advertisements on this web site.
 - d. Subjects who utilize the internet to post prostitution related advertisements on websites such as "backpage.com" often use photographs in the advertisements. These photographs often show a nude or semi-nude female.
 - e. Advertisements for prostitutes often contain codes for the services provided. For

1 example the term "w4m" means women for men. The term "in-calls only" refer that
2 the prostitute will be providing the location for the sexual transaction. The term
3 "donation" is often used to mean the cost for the sexual transaction.

- 4 f. Pimps and prostitutes attempt to avoid the attention of Law enforcement through the
5 high anonymity provided by the Internet.
- 6 g. When arranging "dates" with clients over the phone, prostitutes rarely discuss the details
7 pertaining to the sexual acts that are to occur until they meet in person.
- 8 h. Prostitutes often stay in motels/hotels while traveling. The prostitutes and pimps travel
9 via rental vehicles, vehicles, airplane, or bus during their travels. The prostitutes and
10 pimps utilize the monies earned during acts of prostitution to purchase food, lodging,
11 clothing and other items.
- 12 i. Prostitutes utilize cellular telephones as a way to be contacted by clients. These phone
13 numbers are included in the advertisements that are posted on the various prostitution
14 assisting web sites. Contact is made through phone calls as well as text messages.
- 15 j. Pimps and their prostitutes communicate with each other through cellular phones
16 regarding prostitution activity. Communication is made through phone calls as well as
17 text messages and sometimes through social networking websites.

18 **BACKGROUND OF INVESTIGATION**

- 19 7. On March 30, 2017, at approximately 10:30 P.M., Alycia Leanne Yeoman ("Alycia"), a twenty
20 year old female, was last seen departing a residence located at 1844 Romero Street, Yuba City,
21 in her green colored Toyota pickup truck. Alycia never arrived at her residence in Gridley,
22 California, and failed to arrive for her March 31, 2017, 5:00 A.M. shift at her place of
23 employment.
- 24 8. On April 1, 2017, [REDACTED], Alycia's father, contacted the Gridley Police Department
25 and reported his daughter missing. The Gridley Police Department began an investigation to
26 locate Alycia. While law enforcement was investigating, family and friends of Alycia
27 independently made attempts to locate her.
- 28

- 1 9. On April 3, 2017, the Gridley Police Department issued a missing person's alert, and media
2 outlets in Northern California, including Sacramento, began reporting on Alycia's
3 disappearance.
- 4 10. On April 3, 2017, law enforcement located and recovered Alycia's mobile phone, and her green
5 Toyota pickup truck. The phone was originally found on April 1, 2017 by a jogger who was
6 running along a levee, bordering a walnut orchard near the Feather River, in Live Oak,
7 California. The jogger picked up the phone and subsequently turned it into a Sprint store in
8 Yuba City, California. Alycia's phone was retrieved from Sprint by law enforcement.
- 9 11. Alycia's Toyota truck was found in the walnut orchard described above, approximately 50
10 yards from the levee on which Alycia's mobile phone was found by the jogger. The truck was
11 stuck in the muddy orchard, and Alycia's personal effects, including her purse, were inside.
- 12 12. Based on the suspicious circumstances surrounding Alycia's disappearance, law enforcement
13 considered this investigation to be that of a kidnapping, and not simply a missing person. As a
14 result, local and regional media outlets continued their reporting on Alycia's disappearance.
- 15 13. A family friend established a Facebook page dedicated to assisting in the location of Alycia,
16 www.facebook.com/findalyciayeoman/, Facebook profile ID 745534188948413 ("**Finding**
17 **Alycia Facebook.**")
- 18 14. On April 4, 2017, at approximately 5:51 P.M., the Finding Alycia Facebook account received a
19 private message from Facebook user "Facia Quinn", Facebook profile ID 100014913791175
20 ("**Facia Quinn Facebook.**") The message requested contact information for Alycia's parents.
21 "Facia Quinn" was provided telephone number [REDACTED]. This phone number belongs to
22 Alycia's mother, [REDACTED] ("[REDACTED] **Mobile Phone.**")
- 23 15. On April 4, 2017, at approximately 6:04 P.M., while in the State and Eastern District of
24 California, [REDACTED] Mobile Phone received the following two text messages from telephone
25 number 530-739-1015:
- 26 a. "You want to see(sic) her again pay me or shes (sic) dead. She owes me for stealing
27 my dope.", and
28

1 b. "You go to law enforcement ill (sic) know. So you want your pretty little princess back
2 then corporate (sic)."

3 16. On April 4, 2017, at approximately 7:00 P.M., a Detective Sergeant with the Sutter County
4 Sheriff's Office met with [REDACTED]. According to the Detective Sergeant, [REDACTED] was visibly upset, and
5 in fear that her daughter had been kidnapped, as she showed him the messages she received on
6 her phone.

7 17. According to the Number Portability Administration Center (a telephone number portability
8 registry) telephone number 530-739-1015 was identified as a voice over internet protocol
9 ("VOIP") number, with service provided by Bandwidth Communication. Law enforcement
10 contacted Bandwidth Communication and learned that telephone number 530-739-1015 was
11 being utilized by "Pinger, Inc.¹," a VOIP provider.

12 18. Law enforcement contacted Pinger, Inc., and requested subscriber information, and IP history,
13 for the account utilizing telephone number 530-739-1015.

14 19. On April 4, 2017, Pinger, Inc. provided to law enforcement the subscriber information and
15 connection history for telephone number 530-739-1015. According to Pinger Inc., on April 4,
16 2017 at 5:25 P.M. Pacific Time, the Pinger account was accessed from the Internet Protocol
17 (IP) address 75.141.194.130.

18 20. A search of the American Registry for Internet Numbers revealed that IP address
19 75.141.194.130 belongs to Charter Communications, with service provided in Reno, Nevada.

20 21. Law enforcement contacted Charter Communications and requested subscriber information for
21 the customer assigned IP address 75.141.194.130, on April 4, 2017 at 6:01 P.M. Pacific Time.
22 In response to the request, Charter Communications identified the subscriber as El Cortez Reno
23 Holdings, 239 W. 2nd Street, Reno, NV, 89501 (the "El Cortez Hotel IP Address.")

24 22. Additional investigation on telephone number 530-739-1015 identified the number being

25
26 ¹ Pinger is the application developer of Textfree, a proprietary, cross-platform application allowing a
27 smartphone user to send and receive text messages from a telephone number different than that
28 associated with the physical device.

1 associated with the Facebook account "James Stokes", Facebook profile ID 100016070295255
2 ("James Stokes Facebook.") According to records provided by Facebook, on April 4, 2017 at
3 6:38:03 P.M., the "James Stokes" Facebook account was accessed from IP address
4 75.141.194.130, the El Cortez Hotel IP Address. The account was also accessed from the
5 following additional, and unique, IP version 6 (IPv6) addresses:

- 6 a. 2600:1:990c:1a98:fdd9:725b:f323:1f09
- 7 b. 2600:1:9911:b2fb:a634:f4f9:9ec0:801c
- 8 c. 2600:1:9912:ccd5:c624:bcbf:324d:eac6

9 23. According to records provided by Facebook, on April 4, 2017, the **Facia Quinn Facebook**
10 account was accessed from:

- 11 a. IP address 75.141.194.130, the El Cortez Hotel IP Address, 19 times between the hours
12 of 4:20 P.M and 5:03 P.M.; and
- 13 b. IPv6 addresses 2600:1:9912:ccd5:c624:bcbf:324d:eac6, the same IP address which
14 accessed the **James Stokes Facebook** account, at 4:45 P.M.

15 24. Using open source and publicly available search tools, the aforementioned IPv6 addresses were
16 identified as being registered to Sprint Corporation, a telecommunications company providing
17 wireless services and that is also an internet service provider.

18 25. On, or about, April 5, 2017, law enforcement contacted Sprint and requested subscriber
19 information for the customer assigned the aforementioned IPv6 addresses. In response to the
20 request, Sprint provided records showing that the aforementioned IPv6 addresses resolve to the
21 mobile phone bearing cellular telephone number 916-346-0285 (**0285-Phone**), and registered
22 to Rozarri Wadley, 4443 Auburn Boulevard, Sacramento, California. The Sprint records also
23 revealed that during the time period of March 30, 2017 through April 5, 2017 the **0285-Phone**
24 connected to cell towers in the vicinity of the El Cortez Hotel, 239 W. 2nd Street, Reno,
25 Nevada.

26 26. On April 7, 2017, the Washoe County Sheriff's Office contacted management at the El Cortez
27 Hotel, 239 West 2nd Street, Reno, in the State and District of Nevada, and reviewed the guest
28

1 registry for the hotel. Michael Dwayne Wadley Jr. (same last name as Rozarri Wadley, the
2 registered user of the **0285-Phone**) and Samantha Brown, telephone number 916-514-5113,
3 were identified as registered guests and occupants of room 604. In addition, hotel management
4 confirmed that access to the hotel's Wi-Fi and Internet is password protected.

5 27. On April 7, 2017, law enforcement located advertisements on the Internet website
6 Backpage.com, posting IDs 13816122 and 25649638. As stated above, Backpage.com is a
7 website that is used throughout the country to advertise prostitution on the Internet. Both
8 advertisements contained the phone number 916-514-5113, which was identified as the way to
9 contact the female featured in the advertisement.

10 28. Law enforcement from the Reno Police Department, Washoe County Sheriff's Office, and the
11 FBI set up an undercover operation to locate and identify the person utilizing telephone number
12 916-514-5113.

13 29. A local law enforcement officer acting in an undercover capacity called 916-514-5113 and
14 spoke with a female, later identified as Rozarri Young. During this conversation, Young
15 agreed to provide the undercover officer sexual intercourse in exchange for \$120. Young then
16 provided the undercover officer with instructions on where to meet.

17 30. On April 7, 2017, at approximately 8:33 P.M., the undercover officer contacted Rozarri Young,
18 in the parking lot located at 345 North Arlington Avenue, Reno, Nevada, located less than a
19 quarter of a mile from the El Cortez Hotel. During this contact, Young confirmed that she was
20 the person who previously negotiated the sex act with the undercover officer over the phone.
21 Young was arrested for violating of Nevada Revised Statute, section 201.354, Solicitation for
22 Prostitution, and transported to the Washoe County jail.

23 31. Young was interviewed by investigators from the Butte County District Attorney's Office².
24 After being read and waiving her Miranda warnings, Young provided the following
25 information:

26
27 ² The audio portion of the interview between Young and law enforcement was recorded.
28

- 16 application, Young sent the text messages
- 17 i. "you want to see her again pay me or she's dead. She owes me money for
- 18 stealing my dope.", and
- 19 ii. "You go to law enforcement ill know. So you want your pretty little princess
- 20 back then corporate"
- 21 k. Young intended on using PayPal to receive money from the family; and
- 22 l. Young has been residing at the El Cortez hotel with her husband, Michael Wadley.
- 23 32. Based on the information Young provided, the **0285-Phone**, more fully described as a LG

25 ³ To date, law enforcement has been unable to locate the Consent to Search form which was signed by
